

# My Ideas

This portal is designed to provide you with an integrated view of all of your submitted, voted or commented on Ideas for any IBM product supported by an Aha! product portal. While the majority of IBM products are now in Aha!, some still need to be migrated. You can see the list of products currently supported by the IBM Ideas Portal [here](#).

## Filter by product

<a href="#">All Products</a>	14
<a href="#">Systems Design</a>	3
<a href="#">z/TPF Product Family</a>	2
<a href="#">Z Development and Test Environment</a>	1
<a href="#">IBM OMEGAMON for Networks on z/OS</a>	1
<a href="#">Rational Analysis, Design &amp; Construction</a>	1
<a href="#">QRadar Advisor with Watson</a>	1

- QRadar Network Security 1
- IBM Z and LinuxONE Systems Hardware 1
- IBM DS8000 1
- IBM Storage Insights 1

Sort By Recently Created ▾

### Expanding the QRADAR Network Security to Satisfy the needs of the NVMe over TCP/IP Network for 5G Networks

Needs more information

1- Adding new functionalities for NVMe over TCP/Ip for the futuristic Enterprises. 2- Detect...

Idea for QRadar Network Security 1 1 Created on 23 Jul 2022  
Last updated on 30 Jul 2022

### Expanding the QRadar with Watson to integrate AI Devices in Edge Computing Based on NVMe over TCP/IP for 5G

Submitted

1- Integrating IBM QRadar Advisor with Intel IPU, Nvidia DPU and other AI devices in Edge ...

Idea for QRadar Advisor with Watson 1 0 Created on 23 Jul 2022  
Last updated on 23 Jul 2022

### Adding DSM to integrate XDR with Intel IPU, Nvidia DPU and other devices for AI in Edge Computing based on 5G Networks

Under review

1- Expanding the QRadar XDR to satisfy the needs of AI in Edge Computing 2- Cost effectiv...

Idea for QRadar Integration (DSM, Scanners, Rules, Reports) 1 0  
Created on 23 Jul 2022 Last updated on 27 Jul 2022

### Enabling the NVMe over TCP/IP with 5G network connectivity

Needs more information

1- Adding Advanced functionalities with easy programming for storage operations. 2- Enab...

Idea for IBM Storage Insights 1 3 Created on 22 Jul 2022  
Last updated on 30 Jul 2022

### Adding AI in Edge Computing based on Intel IPU and Nvidia

Submitted

1- Enabling AI in Edge Computing using the 5G Slicing Networks 2- Writing Device Driver to...

Idea for Systems Design 1 0 Created on 22 Jul 2022 Last updated on 22 Jul 2022

## Adding the NVMe over TCP/IP to the DS 8000 Connectivity and functionalities Submitted

The benefits are: 1-Enabling the DS8000 Storage to be integrated with Distributed Sysplex ...

Idea for IBM DS8000 1 0 Created on 22 Jul 2022 Last updated on 22 Jul 2022

## IBM z SDN and SD-WAN with 5G Networking and Slicing traffic Submitted

1- Adding SD-WAN to IBM Z Networking 2- Adding 5G Networking with Slicing Traffic 3- Ad...

Idea for IBM Z and LinuxONE Systems Hardware 1 0 Created on 22 Jul 2022  
Last updated on 22 Jul 2022

## Upgrading the IBM OMEGAMON for 5G Networks, NVMe over TCP/IP Submitted

1- Adding the following functionalities to the OMEGAMON functionalities: A- 5G / VNF Net...

Idea for IBM OMEGAMON for Networks on z/OS 1 0 Created on 22 Jul 2022  
Last updated on 26 Jul 2022

## IBM z with 5G network connectivity Submitted

1- Enabling the z/OS and z/VM system for Cloud satellite based on 5G networks and SD-W...

Idea for Z Development and Test Environment 1 0 Created on 22 Jul 2022  
Last updated on 22 Jul 2022

## IBM Power10 ( or other Power CPUs) Development Kit based on Real time Programming, Debugging and Testing by Virtual JTAG based on NVMe over TCP/IP Submitted

1- Developing Device drivers for PCIe attached devices. 2- Developing Customized firmwar...

Idea for Systems Design 1 1 Created on 2 Jul 2022 Last updated on 22 Jul 2022

## IBM Watson driven Rational for Traditional and Customized Firmware Development. Submitted

1- Enabling the Artificial Intelligence Driven Firmware Orchestration, Debugging and Testin...

Idea for Rational Analysis, Design & Construction 1 0 Created on 1 Jul 2022  
Last updated on 1 Jul 2022

## Integrating IBM Power Memory Area Network with Intel Agilex - M, Agilex-F and Nvidia GPU by using Intel oneAPI

Submitted

Enabling the heterogeneous Computing between IBM Power systems with FPGA and nvidia...

Idea for Systems Design 1 0 Created on 30 Jun 2022 Last updated on 30 Jun 2022

## New z/TPF integrated System

Needs more information

We need to see a new product for transaction with all required technologies in one System ...

Idea for z/TPF Product Family 1 7 Created on 30 Jun 2022

Last updated on 30 Jul 2022

## z/TPF Orchestration, Automation and Management by IBM Watson and IBM QRadar without the need to the z/OS

Needs more information

To achieve the idea we need the following: 1- Integrating the Tivoli Monitoring Agent with I...

Idea for z/TPF Product Family 1 12 Created on 30 Jun 2022

Last updated on 30 Jul 2022
